

AAX_IController

```
graph BT; AAX_VController --|> AAX_IController
```

The diagram illustrates an inheritance relationship between two classes. At the bottom is a box labeled 'AAX_VController' with a light gray fill. A vertical blue line with an arrowhead at the top points from this box to a box labeled 'AAX_IController' at the top, which has a white fill. This indicates that 'AAX_VController' inherits from 'AAX_IController'.
